

Quick Action Getting The Blood in Order

There's Bounding, Pulsating Life in Every Drop of Great Remedy.

Let S. S. S. Hustle Impurities Outward.

Impurities lodge so deeply in the tissues that they cannot be reached by any ordinary method. Mercury and other dangerous mineral drugs may check a disease, but to get right down into where the blood is vitiated requires S. S. S., the greatest blood purifier known. Its action is pronounced.

In a very brief time S. S. S. has the reconstructive process so under control that remarkable changes are observed. All eruptive places heal, mysterious pains and aches have disappeared, and from head to foot there is a conscious sensation of renewed health.

The extraordinary manner in which S. S. S. drives impurities out of the blood is due to its catalytic force in the blood cells, contains one ingredient, the active purpose of which is to stimulate the tissues to the healthy rejection of its own essential nutrient and the medicinal elements of this matchless blood purifier are just as essential to well balanced health as the nutritious elements of the meats, grains, fats and sugars of our daily food.

Not only this, but if from the presence of some disturbing poison there is a local or general interference of nutrition to cause boils, carbuncles, abscesses and hundred troubles, S. S. S. so directs the local cells that this poison is rejected and eliminated from their presence.

From the fact that S. S. S. is purely a botanical preparation, it is accepted by the weakest stomach and has great tonic influence. Not one drop of drugs or minerals is used in its preparation. Ask for S. S. S. and insist upon having it. And if you desire skillful advice upon any matter concerning the blood and skin write to The Swift Specific Co., 224 Swift Bldg., Atlanta, Ga. Do not allow some zealous clerk to lull you into a false sense of security over something "just as good" as S. S. S. Beware of all counterfeits.

WALHALLA GREETSTHE CANDIDATES

Pollock Says Blaise has "Feathers on his Legs" and Turns Turkey After each Speech.

Walhalla, July 16.—The senatorial campaign meeting here today was marked by the charge by Mr. Pollock that the governor had feathers on his legs. He said that he had always known that the governor's record was bad, but not until the campaign had opened did he know that the governor's leg were covered with feathers. This he said in explanation of the chief executive's failure to stay on the stand while the other candidates are speaking.

This candidate said that he didn't like the idea of attacking a man behind his back. However, he added, the governor's turning turkey and running away wouldn't deter him from holding up the governor's record in all its hideous nakedness.

Senator Smith added another feature when he read an affidavit from C. P. Mooror, of Dorchester county, saying that Senator Smith was in St. George's when the Haskell convention was held. Oath was also made that at the time Mr. Mooror called the senator's attention to the fact that the newspapers had reported him a delegate to the convention in Columbia, and had asked how he could be in two places at one time.

The meeting today was the twenty-second, thus terminating the first half of the campaign. Not more than 700 voters heard the candidates today, which was the smallest crowd since the Yorkville meeting two weeks ago.

Mr. Jennings, who spoke first, said that there were not more than 35,000 racetrack gamblers and blind tigers, and those who had a general disregard for law in the state. It was his purpose in this campaign, he said, to open the eyes of the other 35,000 who had been hoodwinked into believing that these represented the cause of the people.

He closed with a prediction that the governor would be so badly buried on August 25 that the governor would wake up in China or some other uncivilized country, where he ought to be.

Mr. Pollock said he was exhausted from yesterday's campaigning at Anderson, where he said he had played the "salamander" by digging a hole, putting "Cole" into it, and then packing the sand in on him. He added that his conscience was beginning to prick him for kicking a corpse.

The candidate from Cheraw devoted most of his time today to an attack on Senator Smith's record. He told the Walhalla audience that Senator Smith was beginning to believe that he was the man that would have to be defeated, and not Governor Blaise.

Senator Smith challenged his opponents to say whether or not they would do anything to advance the price of cotton. He had been chided, he said, as having nothing to do with it, if the organization of farmers begun in 1904, and of which he was the representative, had done nothing, then the logical conclusion was that nothing could be done, and that they, if one should get to the senate, would make no effort to see that something in this direction was attempted.

The speaker was presented with a pigmy bale of cotton, which the owner had kept "stored" for 15 years. The senator said he would adopt this as his campaign emblem.

Governor Blaise warned the Oconee county voters today there were two newspaper men with the senatorial party, following under the pretext, he said, of soliciting subscriptions. These he designated as "camp followers," and denounced as cowardly liars, because of the rumor which had reached him that these were predicting Blaise's defeat.

The governor had much to say about The State, which, he said, was many people's prayer book. He made his characteristic pleas to create racial prejudice, and put on exhibition again today the catalogue of Benedict college, Columbia, which contains a picture of the faculty with white members.

Stops Neuralgia—Kills Pain.

Sloan's Liniment gives instant relief from Neuralgia or Sciatica. It goes straight to the painful part—soothes the nerves and stops the pain. It is also good for rheumatism, sore throat, chest pains and sprains. You don't need to rub—it penetrates. Mr. J. R. Swinger, Louisville, Ky., writes: "I suffered with quite a severe Neuralgia headache for four months without any relief. I used Sloan's Liniment for two or three nights and I haven't suffered with my head since." Get a bottle today. Keep in the house all the time for pains and all hurts, 25c, 50c, and \$1.00, at your druggist. Bucklen's Arnica Salve for all sores.

Prevent Potatoes Sprouting.

Before putting away for use on table, keep potatoes in tub of boiling water for five minutes. Pour water off and lay potatoes on boards, one layer deep, in a dry place. Handle carefully.

HE IS A WORLD CHAMPION

The lad shown in the accompanying illustration is Joe Cody of Mt. Airy, Ga. He is the world's champion four-year-old boy in the matter of size, weighing 150 pounds and being 47 1/2 inches in height.

HOT MEALS FOR POLICE

Glasgow police on night duty are now able to heat food and coffee at certain street telephone and signal boxes. For this purpose the boxes are fitted with electrical hot-plates, which can be switched on to the corporation mains and utilized for warming food or drink. Twenty minutes are allowed for supper, and the circuit is so arranged that the heater element cannot be left under current when not in use, even if the user omits to switch off. Each box is also fitted with a telephone communicating with the nearest police depot.

Killed by Lightning.

Lexington, July 13.—During a severe thunder storm which passed over the Hollow Creek section of this county on Thursday evening a fine male belonging to Henry Drafts was killed by lightning. The male was in the stable, and the barn and other buildings were not harmed by the stroke. It is said a barn was struck a few miles distance on the same afternoon.

Surprising Cure of Stomach Trouble. When you have trouble with your stomach or chronic constipation, don't imagine that your case is beyond help just because your doctor fails to give you relief. Mrs. G. Stengle, Plainfield, N. J., writes: "For over a month past I have been troubled with my stomach. Everything I ate upset it terribly. One of Chamberlain's advertising booklets came to me. After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. I have taken near three-fourths of a package of them and can now eat almost everything that I want." For sale by all dealers.

THE COTTON FUTURES BILL.

Final Action Probably Will be Taken This Week.

Washington, July 13.—Final action by the senate and house conferees upon the bill regulating dealings in cotton futures, it was learned tonight, will be taken upon the return here of Representative Lever, one of the conferees, from South Carolina, probably early next week.

Although several conferences were held this week, and it was reported that a practical agreement had been reached, some differences still exist between the senate and house members. Some members of the committee were hopeful tonight that the differences would be smoothed out without trouble and that an agreement would be forthcoming within the next several days.

TRAGEDY ON CITY STREETS.

White Man at Gaffney Shoots Negro on Thoroughfare.

Gaffney, July 13.—While dozens of hurrying pedestrians, composing the usual Saturday evening crowd, looked on as spectators Harold Sparks, a well-known young white man, of Cherokee county, shot and instantly killed a negro named Mose Moorhead, alias Mose Petty, on one of Gaffney's principal thoroughfares. The shooting took place about 8 o'clock, and no shots were fired until after the negro had already cut the white man across the left shoulder, inflicting a number of painful wounds. It is said that the dispute arose over the fact that the negro would not drive his wagon out of the way to let the white man pass, and when the two met later in the evening the argument was renewed. Heated words were heard, and then the negro is said to have seized Sparks and dragged him from the door of a store, inflicting the cuts with a large knife. Sparks then opened fire with his pistol and three bullets took effect in the negro's breast around the heart.

A Disordered Stomach

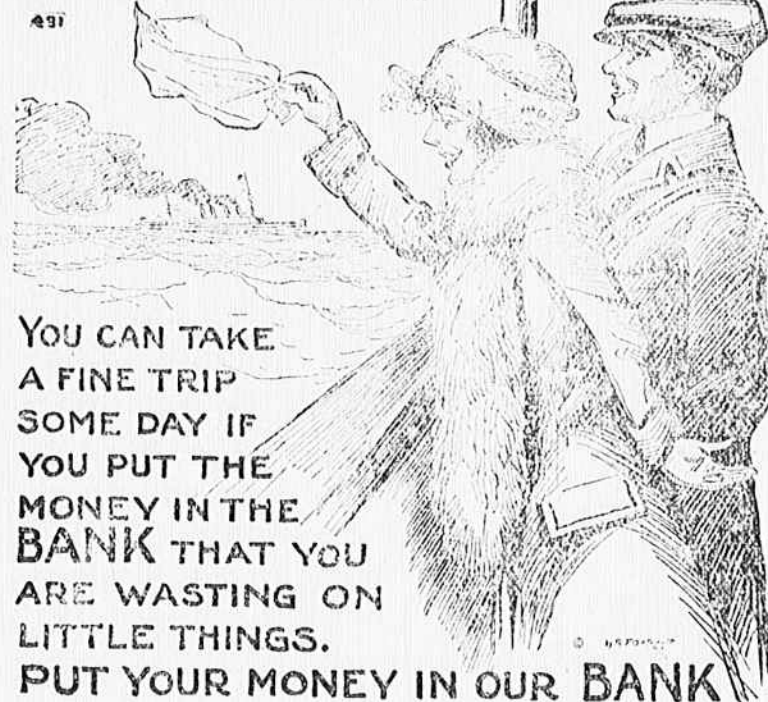

Is caused by food which has fermented. To avoid a spell of sickness this impure matter should be driven out. You need

DR. M. A. SIMMONS Vegetable Liver Medicine It Purifies the Stomach and Bowels

It is a pure, wholesome medicine, made only of a choice selection of the best of nature's herbal remedies for correcting disorders in the liver, stomach and bowels. It is a fine cleansing medicine that acts mildly, yet it rids the system of every particle of disease-breeding impurity. It relieves biliousness, indigestion and constipation. Buy only the genuine in a lithographed tin box. Look for the picture of Dr. M. A. Simmons on the front panel.

Ask for the Tin Box. Price 25 Cents.

Build Right When You Build

That means not only right plans, after your own individual idea, it means right lumber.

There is character in lumber the same as in other things. Some of it carries distinctiveness and style just as dress does.

Our sash, doors, blinds, screens, interior finish, newel posts, columns, grilles, mouldings, etc., are manufactured from lumber coming from our own stumpage, sawed in our own saw mills, dressed and treated in our own planing mills and designed by our corps of experts.

We offer you quality, quantity, style and service, all at the right price. Free estimates cheerfully furnished on large and small contracts. Call or mail in your plans.

If a High-grade Job of Automobile, Carriage or Buggy Painting is wanted, we can do it. New Paint Show, clean quarters, free of dust.

HIGHEST GRADE PAINTS

And Varnishes put on by an expert painter. We would like for you to see some of our work before having your painting done.

W. B. BRAMLETT'S SONS GENERAL REPAIRING

Are You Using Nitragin?

Your neighbors are using it and they say it increases the yield of the crop to which it is applied, from 25 to 100 per cent. Besides this it causes that crop to store in each acre of ground from 100 to 200 pounds of pure nitrogen for the benefit of the next crop. Nitrogen in commercial fertilizers costs YOU about 20 cents a pound. Use Nitragin and you get it FREE from the air. Apply it to all your Peas, Beans and other pod bearing or legume crops. Can you afford to pay 20 cents a pound for Nitrogen when your neighbor gets it FREE?

Full information gladly given.

R. C. McLEES, Clinton, S. C.
